## GENERATOR CERTIFICATION

As an employee and authorized representative of the Generator, I hereby certify that information contained in this profile is a complete and accurate representation of all known and/or suspected hazards of the material(s) described.

Check the "Yes" box to indicate which TCLP analytical results are attached. For those constituents which you are certifying to be not present based on process knowledge mark "No" and sign the certification provided. Either "Yes" or "No" MUST be indicated for each and every parameter. Signing of the certification does not guarantee acceptance of waste without analytical results.
